

INTERNAL AUDIT ACTIVITY PROGRESS REPORT 2016/2017

(1) Introduction

All local authorities must make proper provision for internal audit in line with the 1972 Local Government Act (S151) and the Accounts and Audit Regulations 2015. The latter states that a relevant authority “must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance”. The Internal Audit Service is provided by Audit Risk Assurance under a Shared Service agreement between Stroud District Council, Gloucester City Council and Gloucestershire County Council and carries out the work required to satisfy this legislative requirement and reports its findings and conclusions to management and to this Committee.

The guidance accompanying the Regulations recognises the Public Sector Internal Audit Standards (PSIAS) as representing “proper internal audit practices”. The standards define the way in which the Internal Audit Service should be established and undertakes its functions.

(2) Responsibilities

Management are responsible for establishing and maintaining appropriate risk management processes, control systems (financial and non financial) and governance arrangements. Internal Audit plays a key role in providing independent assurance and advising the organisation that these arrangements are in place and operating effectively. Internal Audit is not the only source of assurance for the Council. There are a range of external audit and inspection agencies as well as management processes which also provide assurance and these are set out in the Council’s Code of Corporate Governance and its Annual Governance Statement.

(3) Purpose of this Report

One of the key requirements of the standards is that the Chief Internal Auditor should provide progress reports on internal audit activity to those charged with governance.

This report summarises:

- The progress against the 2016/2017 Internal Audit Programme, including the assurance opinions on the effectiveness of risk management and control processes;
- The outcomes of the Internal Audit activity during the period January 2017 to March 2017;
- Special investigations/counter fraud activity; and
