

Appendix B

STROUD DISTRICT COUNCIL'S STREET TRADING RESOLUTION

Summary of Responses from Informal Consultation On Draft New Resolution and Amended Policy Consultation Period 4th November 2019 – 20th December 2019

	Consultee	Consultee Comment
1.	Cainscross Parish Council	With regard to your email about the Street Trading Policy I have now had chance to discuss with the Town Council who would like to support the proposed new resolution.
2.	Stonehouse Town Council	Stonehouse Town Council is heartened by the District Council's charging policy in that it considers and supports local community groups but that it should consider allowing more than one event per year before charging is considered and For the application process to be made as simple as possible so as not to deter community groups from holding much needed funding events
3.	Dursley Town Council	The Council's Planning Committee considered the current Street Trading Consultation – 'Proposal to change Stroud District Council's Resolution and revise the Street Trading Policy 2019'. It was felt that the proposed changes to the resolution and policy are clear and comprehensive. Council did not recommend any amendments.
