Background

- 1. Treasury management is defined as: 'The management of the local authority's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.'
- This report is presented to the Audit and Standards Committee to provide an overview of the investment activity and performance for the first half of the financial year, and to report on prudential indicators and compliance with treasury limits. A mid year report is essential under the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice for Treasury Management (revised 2017).

Discussion

- 3. The primary requirements of the Code are:
 - A review of the Treasury Management Strategy Statement (TMSS) and Investment Strategy
 - A review of the Council's investment portfolio for 2019/20
 - A review of the Council's borrowing strategy for 2019/20
 - A review of compliance with Treasury and Prudential Limits for 2019/20
 - Other Treasury issues

Treasury Management Strategy Statement and Investment Strategy update

- 4. The TMSS for 2019/20 was approved by Council on 21 February 2019. The Council's Investment Strategy, which is incorporated in the TMSS, outlines the Council's investment priorities as follows:
 - Security of Capital
 - o Liquidity
 - o Yield
- 5. The Council will also aim to achieve the optimum return on investments commensurate with the proper levels of security and liquidity. In the current low interest rate environment the Council is seeking to invest for longer periods of up to a year, with highly credit rated financial institutions, using Link's suggested creditworthiness approach, which includes a sovereign credit rating and Credit Default Swap (CDS) overlay.
- 6. Paragraph 4.19 of the TMSS approved on 21 February 2019 stated that financial year 2019-20 would mark the start of the Council taking a more diversified approach to investments, and that the Section 151 officer will consider a range of investments newly introduced within the unspecified category. In line with this a selection process is being conducted by Link for the Council of property and multi-asset funds.
- 7. A breakdown of the Council's investment portfolio as at 30 September and 30 June 2019 is shown in Table 2 of this report. Investments and borrowing during the year have been in line with the Strategy.

Investment Portfolio 2019/20

8. In accordance with the Code, it is the Council's priority to ensure security and liquidity of investments, and once satisfied with security and liquidity, to obtain a good level of return. The investment portfolio yield for the half year is shown in the table below:

Period	Investment Interest Earned	Average Net Investment £'000	Average Interest Rate	Benchmark 7 day LIBID	Benchmark 3 month LIBID
01/04/19 - 30/06/19	£98,873	£42,106	0.94%	0.57%	0.68%
01/07/19 - 30/09/19	£102,905	£47,379	0.86%	0.56%	0.64%
Total	£201,778	£44,757	0.90%	0.57%	0.66%

TABLE 1: Average Interest Rate Compared with Benchmark Rates

- 9. Table 2 below shows the investments and borrowing position at the end of September 2019.
- 10. The approved limits as set out in the Treasury Management Strategy report to Council 21 February 2019 within the Annual Investment Strategy have been complied with during the first half year of 2019/20.
- 11. Funds were available for investment on a temporary basis. The level of funds available was mainly dependent on the timing of precept payments, receipt of grants and progress on the Capital Programme and canal project. The authority holds £15m core cash balances for investment purposes (i.e. funds that potentially could be invested for more than one year).

Capital Strategy

- 15. In December 2017, the Chartered Institute of Public Finance and Accountancy, (CIPFA), issued revised Prudential and Treasury Management Codes. As from 2019/20, all local authorities were required to prepare a Capital Strategy which should provide the following: -
 - a high-level overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of services
 - an overview of how the associated risk is managed
 - the implications for future financial sustainability
- 16. Each year the Capital Strategy should be revised. The updated 2020/21 Capital Strategy will be presented to Strategy and Resources Committee, and on to full Council, as part of the budget proposals in early 2020.
