The Chair expressed his best wishes and condolences on behalf of the Committee to the family and individual following the tragic circumstances at Tricorn House and reassured Members that the Council is working with the owners and relevant organisations to ensure the building is secured.

The Chair also welcomed the new Members to the Committee and invited Officers and Members to introduce themselves and state one thing they were passionate about.

005 Hear by Right Award Programme

The Chair proposed an amendment to section 2 of the decision box which Committee agreed to accept as a friendly amendment to change section 2 to 'make the Hear by Right Participation Pledge; and commence the award programme process'.

The Senior Youth Officer presented the report and outlined its purpose, framework, next steps and the Councils strong history on youth participation since the late 1990's, which has recently achieved its 21-year milestone.

The Youth Work Strategy (Appendix A) was agreed until 2024 and features 7 objectives, ones of which is the Hear by Right standards which focuses on continuing to develop practices within the Council for the national Hear by Right Standards, support culture of change in youth participation and undertake the national pledge. Appendix D (page 15) outlines the Hear by Right framework which contains 7 standards and 20 indicators cross a two levels of achievement for the award programme, 'active' requiring 7- 17 indicators to be met and 'flagship' requiring 18-20 indicators.

Councillor Aldam asked a question on how youth participation is encouraged in vulnerable groups, different ethnic and cultural backgrounds and low income families. The Senior Youth Officer advised there is a comprehensive model in place and there are 9 'open access' youth forum groups based around the main market towns and their surrounding areas which encourage youth participation from the aforementioned diversities. The Senior Youth Officer highlighted that as a result, the youth voice membership was representative, socially and culturally and that there are some groups and organisations set up across the county to work using a more targeted approach to meet the specific needs of those concerned. The Council's youth service does foster partnership working with such groups and organisations.

On being put to the vote, the Motion was carried unanimously.

The Committee RESOLVES to:

- 1. Create a cross Council officer and member group to support the development of an application to the award programme.**
- 2. Make the Hear by Right Participation Pledge; and commence the award programme process.**
