1. BACKGROUND

- 1.1 This report provides the third position monitoring statement for the financial year 2019/20. The purpose of this report is to notify members of any known significant variations to budgets for the current financial year, highlight any key issues and to inform members of any action to be taken if required.
- 1.2 Due to the volume of information contained in the report, it would be helpful where members have questions on matters of detail if they could be referred to the report author or the appropriate service manager before the meeting.
- 1.3 Council approved the General Fund revenue budget at its meeting in January 2019.
- 1.4 The revised budget for Community Services and Licensing Committee, taking into account adjustments for workforce plan, carry forwards and re-profiling of service budgets, is £3.154m (Original Budget was £3.334m).

- 1.5 The monitoring position for the service at 31st December 2019 shows a projected net underspend of (£77k), against the latest budget. The overall position on the General Fund will be considered by Strategy and Resources Committee at their meeting on 16th April 2020.
- 1.6 Table 1 below shows the overall projected outturn position for this Committee. Table 2 outlines the services with significant variations along with an explanation of why they have arisen (a significant variation is defined as being +/- £20,000 on each reporting line). Table 4 provides a more detailed breakdown of the committee's budgets.
- 1.7 Table 3 shows the updated Capital Programme for Community Services and Licensing Committee for 2019/20 and 2020/21.
- 1.8 The forecast for Q3 has changed by £103k. This predominately relates to additional grant income not budgeted in Revenues & Benefits and additional pressures forecast at The Pulse.

The table below outlines the key variances for this Committee.

Table 2 - Headline Budget variances

Cultural Services - Sports Centres	2.1	106
Customer Services	2.2	(55)
Public Spaces	2.3	21
Revenues and Benefits	2.4	(145)
TOTAL		(73)

2.1 Cultural Services - Sports Centres - £106k overspend

(Angela Gillingham 01453 540995, angela.gillingham@stroud.gov.uk)

A £49k variance is forecast within salaries. This financial year has been extremely challenging with regards to staffing. Two members of the team were on maternity leave, one on long term sick and a re-allocation of duties due to medical needs for another employee. This has all contributed to the rise in staff costs. Utilities are forecast to overspend by £16k, this is due to the Combined Heat and Power units being out of action. After investigation it appears that one unit needs to be replaced and one sensor has never been commissioned. Going forward into the new financial year a reduction in utility costs should be achieved as these issues will be rectified. An additional overspend has been identified in marketing. This is directly attributable to the investment of a new website in order to develop the business, going forward this will prove to be an important asset in terms of generating further income and communicating to both new and existing customers. Additional costs have also been incurred on electrical upgrades following statutory tests and repairs to mechanical plant and equipment.

2.2. Customer Services – (£55k) underspend

(Shobhan Sen 01453 754700, shobhan.sen@stroud.gov.uk)

This underspend is directly attributable to salaries. Within the service there are two vacant STR3 Customer Service Advisor posts. As part of the Council's transformation and change programme, Customer Services are in the process of collaborating with service units across the Council to deliver services more efficiently and in a more customer-focussed way, from first point of contact to resolution. It is anticipated that these vacancies are likely to be filled in the FY 2020-21, to provide additional capacity.

2.3 Public Spaces - £21k overspend

(Mike Hammond 01453 754447, mike.hammond@stroud.gov.uk)

This overspend is mostly concerned with business rates on Public Conveniences. The Government announced in Oct 2018 that business rates would no longer be applicable from 2019. An update from MHCLG states that the relief has not been actioned and will be delayed beyond the next financial year.

2.4 Revenues & Benefits – (145k) additional income/underspend

(Simon Killen 01453 754013, simon.killen@stroud.gov.uk)

The majority of the variance relates to unbudgeted additional grant income. This income is mainly around New Burdens and DHP Funding. Forecasting concerning Housing Benefit subsidy and performance in recovering overpayments is unpredictable, this variance has additional income received from the government in its drive to combat income related fraud. There are small additional underspends across the service relating to salaries and general supplies and services.

CAPITAL

3. Table 3 below shows the 2019/20 Capital Programme for this Committee which has now been re-profiled to 2020/21, as set out in the budget setting report in November 2019.

Table 3 – Capital Outturn forecast

Stratford Park Lido	3.2	200	0	0	30
Community Services Capital Schemes TOTAL		200	0	0	147

3.1 **Community Buildings Investment**

The Kingshill House Trust continues to be keen to take on the freehold interest of Kingshill House (Community Buildings Investment). Discussions are ongoing and a transfer date of 2020/21 is now anticipated. It is expected that a report will be taken to a future meeting of Strategy and Resources Committee to approve, in principle, the terms for a transfer once they have been agreed.

3.2 Stratford Park Lido

Following completion of the business case, the project team are looking at the opportunity to submit bids for other community funding streams ahead of the bid to the HLF. The submission for bids will commence from March 2020 and will continue throughout the year. These bids will support the submission to the HLF as well as catering for any possible changes that might be recommended following the Stratford Park review.
