## **2. Play Area Consultation and Development Action Plan – Progress**

### **2.1 Stage 1 – Physical Condition Survey – A review of all SDC owned play areas conducted by ROSPA**

- 2.1.1 All play areas had a Safety Inspection completed in March 2022. These reports highlighted any risks and rated them low, medium, or high.

### **2.2 Stage 2 - Insight – Understanding the community around the play areas including current user profile, demographics now and future, activity level, current budget provision.**

- 2.2.1 In May 2022, Ethos, instructed by SDC to update the data from the Open Spaces and Green Infrastructure Study from the original data in 2019 to 2022.

- 2.2.2 Ethos created a prioritisation framework (page 2, Stroud District Council, Play Framework, August 2022) in consultation with the Physical Activity & Health Development Manager to determine where improvements are most needed (Appendix A). The framework considered the following: -

- Quality of site
- Proximity/access to other play areas
- Demographics e.g., number of children in the area
- Child health and wellbeing
- Levels of child deprivation
- Geographical barriers to play – rurality
- Proximity to a community hub

- 2.2.3 The Play Framework outlines the sites that are high, medium, and low priority. This data helped to inform the recommendations for investment. (Section 6, pages 21- 30, Stroud District Council, Play Framework, August 2022)

- 2.2.4 In May 2022, Leisure Net, instructed by SDC to undertake community consultation with residents, key stakeholders, town and parish councils and members.
